### **About Us**

Ochil Tower School is an independent residential and day school for children and young people with additional support needs. We are committed to promoting a nurturing, safe and fulfilling environment for the children and young people that we support. Our ethos is based upon a social pedagogy model and the purpose of the role is to recognise and build on the individual strengths of each pupil and use their interests to help them engage in their learning.

A unique opportunity has arisen within the school. We seek a house co-ordinator / house manager to lead one of our 5 residential houses within our beautiful 7 acre site.

We are keen to hear from applicants that have a desire to live-in the school so as to experience community life to the full. Our residential houses have self-contained and separate accommodation for house co-ordinators to live either themselves or with their own families. This has always formed part of the Camphill ethos and approach to care provision and we are keen to maintain this model where possible. We are also very open to applications from practitioners with the appropriate care experience that are interested in the post but would wish to live outwith the school community.

It is a very exciting time to join Ochil Tower as we have recently opened a state of the art Life Skills Centre for a new 18-21 year old provision. This enhances our through care provision for our young adults. We are keen to talk with people that share our enthusiasm in supporting children and young people with complex additional support needs so that they can strive to achieve their potential.
