

3 ( )

There are three lesson each day . The morning usually starts with some news sharing. We like to spend time

outdoors and love to go for walks on the school ground. We often go cycling as well. We have access to a

beautiful garden and may help to clear areas, harvest or plant things depending on the season. We love to do

arts & crafts and singing and music. At the moment we have weekly folk dancing session. We also practice

&

reading, writing and maths.
